GREAT FALLS COLLEGE MSU
ASSOCIATE OF SCIENCE
NURSING
REGISTERED NURSE

Student Information and Application Packet
Fall 2019

(Applications are subject to change from year to year)
Great Falls College MSU

Associate of Science Registered Nurse

Educational Program:

The Associate of Science Nursing, Registered Nurse program is approved by the Montana State Board of Nursing. The College is accredited by the Northwest Commission on Colleges and Universities. After prerequisite coursework is completed, the Great Falls College MSU’s Associate of Science Nursing, Registered Nurse program consists of four consecutive semesters. The coursework for the Associate of Science Nursing, Registered Nurse program is competency-based and has the primary goal of preparing graduates with the knowledge, skills, and values to enter the workforce.

Each week, students will need to commit to a full week at Great Falls College MSU. They are in class or at clinical for the fall and spring semesters. This program is extremely fast-paced and challenging. There are many tests, quizzes, and assignments each week. The majority of students will find it necessary to spend time outside of the classroom practicing lab/clinical skills. A good rule of thumb is that for every class hour, at least 3 hours in preparation or in the completion of assignments will be needed.

Program Expenses:

The Registered Nursing Students will be required to obtain educational computer software, course texts, personal equipment, uniforms, supplies and provide own transportation to clinical sites. If needed, students should begin planning early for financial aid to meet their educational needs.

Estimated Resident Program Cost*

** Uniforms will include: Scrub top, black scrub pants, nursing program shoulder patch, closed toe shoes, watch with second hand, stethoscope, manual blood pressure cuff, pen light, bandage scissors and lab coat as examples.

Admission to the Great Falls College MSU

Students must be admitted to the College prior to the submission of the Associate of Science Nursing, Registered Nurse program application and be in good academic standing with the institution. Therefore, no applications will be reviewed unless the applicant applies first to the College and the official transcripts are reviewed by the Registrar.

Acceptance to GFCMSU requires a completed admissions application file. An application to the college may be obtained by visiting the campus, calling the College (406) 268-3700 or 1-800-446-2698, or applying online at http://admissions.gfcmsu.edu/apply.html
Eligibility for Admission into the Associate of Science Nursing, Registered Nurse program

All eligibility forms and documents are enclosed in the Associate of Science Nursing, Registered Nurse program Information and Application Packet for Fall 2019.

To be eligible to apply for admission into the Associate of Science Nursing Registered Nurse program, applicants must have the following:

- Show that they have been admitted to Great Falls College MSU, have a complete admissions file and are currently in good academic standing.
- Completed all prerequisite coursework with a “C” (not “C-“) grade or higher, and a minimum overall prerequisite GPA of 2.5.
- Prerequisite coursework can be taken at other institutions but it is the applicant’s responsibility to confirm those courses are equivalent to the program’s prerequisites and are transferable to this institution prior to submitting their application.
- Information Regarding Transferable Courses—send official transcripts to GFC MSU Registrar’s Office
  - Coursework taken at other educational institutions may be designated as equivalent courses for Great Falls College MSU. For a current listing of approved equivalent courses, visit the Transfer Guide under Student Information at: https://atlas.montana.edu:9001/pls/gfagent/hwzkxfer.p_selstate
  - If you have additional questions about transferability of courses, send a written request for evaluation of your prior transcript to the Registrar at Great Falls College MSU. Please include appropriate course descriptions and official transcripts from former colleges with your request for evaluation.

  Registrar’s Office
  Great Falls College MSU
  2100 16th Ave S
  Great Falls, MT 59405
  406-771-5128

- All transfer work has to be from a Regionally Accredited institution

ASN Transfer Policy

- Students previously enrolled in ANY nursing program must report that enrollment and provide official transcripts, a written explanation for leaving AND one (1) nursing faculty reference from that program.
- All students must meet admission requirements for Great Falls College MSU and submit application for the Associate of Science Nursing, Registered Nurse program; acceptance into the Associate of Science Nursing, Registered Nurse program is competitive, application does not guarantee acceptance.
- No course for transfer will be accepted unless a grade of “C” or better (not “C-“) was earned.

Program Admission Process

The Associate of Science Nursing, Registered Nurse Program Admissions Committee reviews application packets and uses established admissions criteria to rank applicants for admission. The Application Evaluation form used by the committee is enclosed. Criteria for selection emphasize academic performance in prerequisite courses, Kaplan Admission Test score, previous education, and healthcare work experience. Current students
may apply during the spring semester before the fall program intake. They can apply before finishing their prerequisites and may be considered for conditional acceptance if space is available. Final determination will be made after satisfactory completion of the prerequisite courses.

Equal Opportunity Policy
Great Falls College MSU is committed to the provision of equal opportunity for education, employment, and participation in all College programs and activities without regard to race, color, religion, national origin, creed, service in the uniformed services (as defined in state and federal law), veteran status, gender, age, political ideas, marital or family status, physical or mental disability, genetic information, gender identity, gender expression, or sexual orientation.

The College’s Equal Opportunity Officer is the Chief Student Affairs & Human Resources Officer, 2100 16th Avenue South, Great Falls, MT 59405. Telephone: 406-771-4300

Applications to the Associate of Science Nursing Program must be delivered or postmarked by May 17, 2019. Completed Program Application Packets may be hand delivered to Health Science Program Assistant at the College or mailed to the Nursing Program. Postmarked by May 17, 2019.

Please send all application items as a completed packet. Items sent separately and at random are easily lost or misfiled. We are not responsible for any late, lost or misfiled information. Please only send required documentation as other supplemental items will be discarded.

Application Due Date: May 17, 2019. No late applications will be accepted.

Note: Submission of false material in this Application Packet will be grounds for non-admission or, if discovered after admission, grounds for expulsion.

It is the applicant’s responsibility to ensure that all requirements are met by the established deadline. Deadlines, guidelines, and policies apply equally to all students; thus, there can be no exceptions.

Great Falls College MSU’s Associate of Science Nursing, Registered Nurse program does not maintain a waiting list. Applicants must reapply each year.
Notification of Acceptance

Accepted students will be notified of their acceptance into the program the week of **July 1, 2019**. You will receive and must complete the intent to enroll form, and return it to the College. If this letter of intent to enroll is not returned by the assigned date, your place will be offered to another applicant.

Accepted students will be required to provide proof of PROVIDER CPR certification, negative (2 step) Tuberculosis test, and immunizations, PRIOR TO NURSING ORIENTATION.

Accepted students should plan on registering for courses in August during the mandatory Nursing Program orientation (date and time to be announced) which will also include the mandatory Health Science Orientation.

Students not accepted will be notified the week of **July 8, 2019**.

**Student Back Ground Checks and Drug Testing**

- To promote patient safety and decrease institutional liability, clinical agencies require students to have cleared a background check and drug screening before they will permit the students in the clinical setting. To meet these requirements, the College requires that the check/screening be done prior to placement in any clinical agency.
- Background checks/drug screenings are done at the student’s expense. Students with background checks that reveal a finding, or positive drug tests will be evaluated individually to determine whether they will be eligible for clinical placement and state licensure for their respective degree program.
- Information about how to obtain the appropriate background check and drug testing is provided in the acceptance letter.

**Student Health Insurance**

Nursing program students entering the clinic setting must carry medical health insurance. Health insurance is available through the college for students who do not have other health insurance. Students will be financially responsible for their health care if they become ill or are injured in the clinical setting.

**Student Health Insurance Option (Subject to change)**

All GFC MSU students enrolled for 6 or more credits are required to have health insurance. For students without coverage, GFC MSU offers a program developed especially for students by Blue Cross/Blue Shield of Montana. This plan provides coverage for injuries and illnesses on or off campus. Please contact Student Central for more information. Please see [http://students.gfcmsu.edu/insurance.html](http://students.gfcmsu.edu/insurance.html) for more information.

Student Central
Great Falls College MSU
Phone: 406-771-4304

**Application Scoring:**

- Only students in Good Academic Standing will be eligible for program acceptance.
- For applicants, who have taken courses multiple times; the most recent verifiable grade will be used for scoring /GPA calculations.
- Points and GPAs will be calculated by the Registrar’s Office and grade points will be calculated using the current catalog criteria which includes +/- weighing. Plus or minus is equivalent to the following:
(A) = 4  (B-) = 2.7
(A-) = 3.7  (C+) = 2.3
(B+) = 3.3  (C) = 2
(B) = 3

- For students, who have been awarded credit for successful performance in subject examinations of the CLEP or DSST programs, the credits will be accepted, however there is no grade for calculation for scoring or GPA. In this situation, the total points will convert to percentages for ranking.
- For students, who have been awarded credit for successful performance in subject examinations of the AP program, the credits will be accepted for scores of 3, 4 or 5, however there is no grade for calculation for scoring or GPA. In this situation, the total points will convert to percentages for ranking.
- For students, who have been awarded credit for Prior Learning Assessment, the credits will be accepted for Passing (P) grades, however there is no grade for calculation for scoring or GPA. In this situation, the total points will convert to percentages for ranking.
- For students, who have additional educational attainment, the Registrar’s Office will verify degrees awarded from official transcripts.

**Associate of Science Nursing, Registered Nurse Curriculum**

**Prerequisite Coursework**

The following courses must be completed prior to admission into the Associate of Science in Registered Nursing. All prerequisite coursework must be completed with a minimum grade of C (not a C-) in each course and a minimum cumulative GPA in prerequisite coursework of 2.5. Grades in prerequisite courses are a major factor in ranking applications for program acceptance.

Science courses must be completed within five (5) years of application to the program, and other courses must be completed within 15 years of applying to the program. Students with A&P I (without A&P II) that is older than five (5) years must either retake A&P I or take the HAPS exam and pass the A&P I knowledge level indicator to satisfy the A&P I requirement. For additional information on taking the HAPS exam or age of credits, contact the Nursing Program Director. (Acceptance of science courses that are older than five (5) years is at the discretion of the Program Director)

Last updated February 13, 2019 for Fall 2019 RN intake
(Note: STAT 216 Intro to Statistics will no longer be accepted as a math substitution effective Fall 2014. For transfer students, M 115 Probability and Linear Math will be accepted.)

ASN RN Program Coursework After Formal Acceptance

In order for a student to graduate from the Nursing Program all course requirements must be completed as stated in the current catalog. This includes completing all nursing courses with a grade no less than a C (75%) and a cumulative course test average of no less than 75% (calculated at the end of the semester. The Nursing Program standards and requirements in relation to the grading scale and attendance are more rigorous and strict than the general requirements for Great Falls College MSU. This increased level of expectation is necessary to prepare students for the NCLEX and to ensure graduates are prepared for professional employment in the field of nursing. Clinical and Lab courses are “Pass / Fail.” To “Pass” a Clinical or Lab the student must have 75% or more of the available points for the course as well as “Pass” all Lab skills assessments.

Students are encouraged to take BIOH 211 w/lab, PSYX 100, SOCI 101, and BIOM 250 w/lab prior to program acceptance due to workload requirements of the Associate of Science Nursing, Registered Nurse program.

The courses listed below are required in the program of study for the Associate of Science Nursing, Registered Nurse program. The courses are offered at Great Falls College MSU in the following sequence:

**Important Note:** Successful completion of the Nursing Program does not guarantee that the Montana Board of Nursing will allow a graduate to take the NCLEX or attain a nursing license if you have a felony conviction. This is approved or denied by the Montana Board of Nursing on an individual basis. If you have a felony conviction, contact the Montana Board of Nursing for further information before making an application to the program.

Technical Standards
The technical standards for the Associate of Science Nursing Program - Great Falls College MSU considered criteria for admission to the programs and listed below.

If you have questions or concerns about your ability to meet the technical standards with or without accommodations, or if you would like to arrange reasonable accommodations, you should contact Disability Services. Applicants who disclose a disability are considered for admission if they are otherwise qualified so long as such accommodation does not significantly alter the essential requirements of the curriculum and the educational program, or significantly affect the safety of patient care or others.

To successfully complete the Nursing Program, students must demonstrate their competency in carrying out tasks necessary for safe and effective practice in the field, including:

Observation/Sensory-Motor
- Accurately identify and assess heart, breath, abdominal, and other sounds of the human body
- Accurately assess normal and abnormal color changes in the skin and observe pupil changes
- Accurately differentiate colors and recognize patient odors
- Detect and respond appropriately to activation/warning signals on equipment (including auditory and visual signals)
- Detect significant environmental odors
- Distinguish fine print on various medication labels
- Observe and assess conditions of a patient accurately, at a distance and close at hand, and observe non-verbal communication when performing nursing assessments and interventions or administering medications
- Observe and participate in all demonstrations and experiments in the basic sciences including computer-assisted instruction
- Observe digital or waveform readings
- Perceive signs of disease and/or infection as manifested through physical examination including visual images of the body surfaces, palpable changes in various organs and tissues, and auditory information (patient voice, heart sounds, bowel and lung sounds)
- Read gradients/calibrations on a syringe

Communication
- Accurately document treatment information
- Communicate accurately and effectively in English with other students, faculty, staff, patients, families and other professionals in a culturally sensitive manner
- Communicate effectively in classroom presentations, seminars, simulation, practicum sites, practicum conferences, and online-formats
- Convey or exchange accurate information in a clear and efficient manner to obtain a health history, identify problems presented, and explain alternative solutions
- Effectively communicate with and respond appropriately to other healthcare professionals’ questions, requests, and directions in classroom, lab and clinical settings
- Process and communicate information on the patient’s status including changes in mood, activity and posture and non-verbal communications with accuracy in a timely manner to members of the health care team

Psychomotor
- Adjust and operate diagnostic or therapeutic devices by manipulating knobs, dials, and keyboards
- Answer patient call lights or intercom system to determine patient needs
Assemble medical equipment and supplies
Conduct laboratory and diagnostic tests and carry out physical assessments
Coordinate fine and gross muscular movements to treat patients in emergency situations
Engage in patient care delivery in all settings and deliver care to all patient populations including but not limited to children, adolescents, adults, individuals with disabilities, medically compromised patients and vulnerable adults
Execute physical movements required to provide general care and treatment to all patients in all health care settings
Move and position heavy and/or large equipment and patients
Operate equipment typically found in the health care environment including IV pumps, cardiac monitors, and electric and manual blood pressure equipment, safe handling equipment
Perform basic life support, ventilation/compression (including CPR and AED), and other basic life support functions
Perform inspection, palpation, auscultation, percussion, and other diagnostic maneuvers
Provide holistic nursing care and perform or assist with procedures, treatments, and medication administration
Respond to emergencies precisely, consistently, accurately, and quickly
Safely assist a patient in moving from one place or another
Transfer patients from bed to chair, bed to stretcher, chair to bed as needed
Transport patients in wheelchairs as necessary
Turn/reposition bedfast patient

Intellectual-Conceptual, Integrative, and Quantitative
Accurately perform mathematical calculations and calculate medication dosages & IV rates from instructions given
Analyze, collect, and synthesize data to reach diagnostic and therapeutic judgments and to develop an appropriate plan of care
Demonstrate factual, conceptual, procedural, and metacognitive knowledge
Effectively perform chart reviews and continuous assessment of the patient’s status
Effectively prioritize multiple tasks
Effectively take and record doctors’ orders, patient histories, and subjective/objective findings
Exercise good judgment in patient assessment
Maintain accurate clinical records on patient care
Manage the demands of time constraints and frequent interruptions
Measure, calculate, reason, analyze, integrate, synthesize and problem solve in the context of the level and the focus of their curricular program
Perform data entry tasks using available technology
Perform universal precautions against contamination
Provide all aspects of patient care including medication administration and treatments according to nursing unit guidelines
Provide clear expression of personal ideas and feelings, demonstrations of bidirectional feedback, and sensitivity to persons with ideas and experiences that different from their own
Provide in-depth rationale for plan of care
Use and interpret information from assessment techniques/maneuvers such as those involved in assessing respiratory and cardiac function, blood pressure, blood sugar, neurological status, etc.
Use and interpret information related to physiologic phenomena generated from diagnostic tools (sphygmomanometer, otoscope, ophthalmoscope) during a comprehensive examination of a patient
Behavioral and Social Attributes

- Abide by the professional standards of practice defined by the discipline
- Demonstrate compassion, sensitivity, and concern for others
- Demonstrate understanding and adherence to professional standards of nursing
- Function effectively under physically taxing workloads including in times of physical and mental stress
- Function effectively under stress and to adapt to an environment that may change rapidly without warning and/or in unpredictable ways
- Maintain appropriate professional decorum in high stress situations and when exposed to unusual sights and smells
- Maintain confidentiality with regard to all phases of work

I understand that I will be expected to demonstrate competency in the technical standards stated above in order to successfully complete the program.

Admissions Criteria Score:

Kaplan Nursing Program Admissions Test

“The Kaplan Admission Test is designed to determine if students have the academic skills necessary to perform effectively in a school of nursing. The Admissions Test is a 91-question, online, multiple-choice test which evaluates the basic reading, math, writing and science skills of students seeking entry into a nursing program leading to RN licensure.” (Kaplan, 5/26/17).

The Kaplan Admissions Test is free of charge to people applying to the ASN RN program at Great Falls College MSU however the individual testing sites may charge a fee that the applicant is responsible for. The Kaplan Admissions Test must be taken at an approved location. Proctor information and needed forms are coordinated through the Great Falls College MSU Nursing Program Director. The test may be taken 2 times during the application cycle, with the higher grade being the one considered. Please see the Kaplan Admission Test information sheet at [http://www.gfcmsu.edu/webs/nursing/index.html](http://www.gfcmsu.edu/webs/nursing/index.html).

The minimum “Overall” score on the Kaplan Admissions Test that will be accepted is 65%.

Applicant Kaplan Score (verified by program official)

Applicants with “Overall” Kaplan scores below 65% will not be considered for admission.

A. Performance in Prerequisite Courses (44 points possible): Grade A = 4, A- = 3.7, B+ = 3.3, etc.

Multiply that number by the Emphasis = points

Total possible application score is 82 points. Total possible Kaplan test score is 65 - 100.
VERIFICATION OF PAID HEALTHCARE OCCUPATIONAL EMPLOYMENT

The Applicant can duplicate this form for additional employers/agencies.

Applicants to the Nursing Programs at Great Falls College MSU are granted additional points toward their application point total from prior or current employment in a Healthcare setting. The application process requires verification of paid work experience. Employers (either Supervisor or Human Resources representative) are asked to verify the applicant’s description of job duties and number of hours of patient care using this form.

INSTRUCTIONS:

Section I: Nursing Program Applicant completes before having the form completed by the employer/agency. Section II: The employer/agency official verifies information on form then seals form in envelope, signs across the flap and returns form to applicant. No printed job descriptions.

Section I

Applicant Name:  
Prior Name if applicable:  
Applicant Address:  
Facility Name and type:  
Facility Address:  
Length of employment (mm/dd/yy): from to  
Total Hours Paid Healthcare work:  
Position:  
Supervisor:  
Complete a detailed description of Job Duties

I understand the submission of false material in this Application Packet will be grounds for non-admission or, if discovered after admission, grounds for expulsion. Permission has been granted for Great Falls College MSU to verify the above information.

Applicant Signature:  
Date:  

Section II

Facility Name:  
Phone:  
Supervisor of Applicant, please print:  
I verify the information provided by the applicant to be accurate and true to the best of my knowledge. If applicant added additional detail to description of job duties, I have signed that addendum also.

Signature of Supervisor and Date

Mailing Address (Street Address, P.O Box)  
City  
State  
Zip Code  

It is the student’s responsibility to be sure that all parts of this form are complete.

Applicants may make copies of this form if they have paid healthcare work experience at more than one facility.
