Campus Committees & Other Reports

Food Truck Update - Laramie

- No trucks are interested during winter season.
- Others have expressed concerns over our location and getting traffic worth their time.
- Expect an update in Spring (March/April).

Cross-Campus Communication

- Laramie had two suggestions:
  - 1 – to have emails weekly and monthly about camps events once we are open to the public.
    - Denise agreed once we have events she would continue this practice
  - 2 – concerned about the communication (or lack thereof) regarding different groups on campus being required to quarantine and not notifying others who may have been in contact with them that they are quarantined.
Example given: Laramie was in contact with the Physical Therapy students just before they were all quarantined for the second time this semester and she was never notified.

Pam will bring this to the COVID task-force’s attention.

**Development Team**

- Denise reported on the Dental Clinic fundraising.
  - So far, $51,000 has been raised and another $30,000 pledged.
  - $200,000 is needed.
- EJ asked what the money fundraised is used for.
  - Denise provided clarification that money from the legislature for the project is for the building/facility only and equipment and other furniture would be purchased thru funds raised.

**Adjournment**

Laramie Smovir motioned to adjourn the meeting, Joshua Archey seconded. The meeting was adjourned at 2:00 p.m.
