Introduction and Purpose
In accordance with MCA 39-2-404; 39-2-405; and appropriate collective bargaining agreements, all employees of the college should be constantly mindful of the fact that, as a tax-supported institution, Great Falls College is responsible to establish standards of conduct for its employees that engender public confidence in the institution. The college expects all employees to serve students and the public with courtesy and professionalism and to contribute to an atmosphere of institutional harmony that allows each employee to work productively.

As a public institution, Great Falls College must also conduct its business in a manner that is beyond reproach. The actions of college employees must be, and must appear to be, in compliance with all policies of the State of Montana Board of Regents, as well as with Federal and State laws and civil rights regulations.

Employees at all levels of the college are expected to treat each other with civility and to adhere to the work rules of the College and their respective departments. The success of the college depends on cooperation and team work.

Employees must conduct themselves within this framework of expectations, exercising professional judgment and seeking guidance from their supervisors when issues of potential misconduct arise.
