Violations of this policy include retaliation against an individual for taking any of the actions in support of this policy as defined by policy 301.1. B. The executive director of student services' decision is the final decision and shall not be subject to appeal.

300.13 Sanctions for Student Conduct Violations
Student Conduct Code violations which occur on college-owned, college-controlled property, or at college-sponsored events are subject to college disciplinary jurisdiction. The college may also apply this code to student conduct regardless of where it occurs when actions adversely impact or affect the overall mission, programs, and functions of the college or the health and safety of members of the college community. Students who commit offenses against the city, state, or United States are subject to prosecution by those authorities and may be subject to disciplinary action under this code if the offenses also violate the college's Student Conduct Code. College disciplinary proceedings may precede, follow, or take place simultaneously with criminal proceedings or investigations and will not be subject to challenge on the grounds that criminal charges involving the same incident have been dismissed or reduced. When a student has been charged by a civil authority for a violation of law, the college will neither request nor agree to special consideration for the student solely because of the person’s status as a student.
A. Individual Sanctions
In recommending or determining a sanction for conduct violations, the executive director of student services or designated college official may consider the student’s present and past disciplinary record; the nature of the offense; the severity of any damage, injury, or harm caused; and other factors relevant to the matter. If the student is found to have violated the Student Conduct Code, the responsible college official may impose one or more of the following sanctions:
a. Expulsion- permanent separation of the student from the college. The student may also be barred from the college premises.
b. Suspension- separation of the student from the college for a specified period of time but not less than the remainder of the semester. The student shall not participate in any college-sponsored activity and may be barred from college premises.
c. Conduct Probation/Suspension Warning- a status which is imposed for a designated period of time and includes the possibility of more severe disciplinary sanctions, including suspension or expulsion, if the student is found to have violated the Student Conduct Code during the period

d. Disciplinary Reprimand- a formal reprimand, which may be imposed either in verbal or written form for violation of the Student Conduct Code and a warning that further misconduct may result in more severe disciplinary action

e. Restitution- compensation for actual loss, damage, or injury, including appropriate service and/or monetary or material replacement

f. Other Sanctions- other sanctions may be imposed instead of or in addition to those specified above, such as work requirements, restrictions, loss of privileges, withholding registration, limitation of access to college property, imposition of mandatory educational or counseling requirements, or other sanction appropriate under the circumstances.

B. Group Sanctions

The following sanctions may be imposed upon student groups or organizations registered with the college:

a. Those sanctions listed in 300.13A above

b. Deactivation- loss of all privileges, including college recognition or registration for a specified period of time

300.14 Student Conduct Code Sanctions Appeal

Students may appeal the decision of the designated college official by following procedures in 300.1.2. Students wishing to appeal the decision of the executive director of student services must specifically allege and factually support one or more of the following claims:

1. There was an error in the procedure or the interpretation of the Student Conduct Code which substantially affected the decision.

2. The student has new evidence, not previously available, which would have materially affected the decision.

3. The sanctions imposed are not appropriate given the nature of the violation.

300.15 Records and Confidentiality

The executive director of student services shall maintain disciplinary records, which include, but are not limited to, the following information: the student’s name and related identifying information, applicable Student Conduct Code violations, parties involved, description of the incident, sanctions(s), expiration dates, agreements or restrictions, and any other data deemed relevant. Disciplinary records and related information shall be made available to investigators and designated officials to assist in recommendations of an appropriate sanction and to other college personnel who require such information to fulfill their official duties.
