Procedure

Before submitting an Instructor/Staff Complaint form, a student must meet with an academic advisor. For cases in which the complaint is against an advisor, the student should complete the form with the advisor’s supervisor. Once submitted, the form will route to the human resource office who will then route the complaint to the appropriate executive council member. The executive council member will begin the review process according to the applicable collective bargaining agreement (CBA), handbook, and/or policy, including 301.1 Discrimination, Harassment, and Retaliation if applicable.
