#### **Unit Goal Progress**

#### **Goal Reporting**

 Increase the proportion of students who utilize academi support services that result in a successful outcome

#### **Target Metric**

- By 2027, the proportion of all Great Falls College students who utilize at least one academic support service will increase by 20%.
- By 2027, the proportion of students who utilize at least one academic support service and persist to the following fall or spring semester will increase by 5%.

#### **Unit Goal Progress**

#### Strategic Plan:

- Pillar 1: Inclusivity, Remove barriers and provide support
- Non-Instructional Foster an environment that expands enrollments and celebrates student resilience

#### Progress:

- Military Family Center and Native and Indiginous Cultural Center moved to new locations
- Tracking usage in NavGFC
- For Academic Success Center: Fall 2023 233, Fall 2024 242

#### Goal and Indicator

<u>Goal</u>: Improve active participation in Faculty Senate to encourage a culture of communication and collaboration (in support of Northwest standard 2.A.4).

Indicator: Achievement of this goal will be measured by "active participation," defined as 75% of full-time teaching faculty in attending at least one quarterly Faculty Senate meeting per academic year.

#### Methods

Measuring the number of faculty attending done in conjunction with using list of full-time faculty on file. For '24-'25 year, the current number is 38. This number will be updated annually to reflect the correct total throughout the 5-yr goal cycle.

Progress recorded prior to '24-'25 year was approximated since measurement method was not clearly defined.

#### Reported goal attainment progress

As of January 2025: Committee is at 58% of full-time faculty attending at least one meeting during '24-'25 academic year. This represents just over 75% of the way to completing this goal.

As of January 2024: committee was 30% of the way to completing the goal (the rationale for this number is that the midpoint of this academic year is 30% of the five-year goal period).

#### Attendance at quarterly meetings

#### This year's key action items

- Meeting scheduling improvements
  - Scheduled meeting ahead of All-Faculty meeting shows improvement
    - Need to explore alternating the quarterly meeting time to better include health science faculty
- Shared governance onboarding
  - Fall '24: New faculty met with co-Chair to familiarize them with Faculty Senate and GFC MSU's shared governance initiative.

#### Other important improvements

Coffee Hour.

- Hosted by co-chairs in the week just before Faculty Senate meeting
- Featured coffee and cake
- Faculty could drop-by and talk with the chair about issues important to them. Event locations changed around campus to make it easier for faculty to take part given their busy class schedules. Since all events were well attended, we plan to host similar events in the future.
