\*Not all graduates will be recorded by the Montana Department of Labor & Industry, as some graduates may be employed out-of-state, self-employed, or have not reported income.

\*\*The calculations were based on the unduplicated number of graduates who received degrees in each division.

\*\*\*The data for programs were based on the number of degrees in each major, and graduates who received more than one degree in different majors were duplicated.

"Reported" refers to the number of graduates with data from the Montana Department of Labor & Industry.

"No income reported" refers to the number of graduates with data from the Montana Department of Labor & Industry who did not have an income reported.
