Student Information & Application Packet

(Applications are subject to change year to year)

Fall 2026 Enrollment

Dear Prospective Physical Therapist Assistant Student,

I am thrilled that you are interested in the Great Falls College Montana State University's (GFC MSU) Physical Therapist Assistant Program. Physical therapy is a wonderful profession. As a physical therapist for over twenty years, I have found it to be a very challenging and rewarding career.

Physical Therapist Assistants (PTAs) work closely with the Physical Therapist (PT) and with many other healthcare providers. PT and PTAs are dedicated to using their knowledge, expertise, and compassion in the treatment and prevention of disease processes affecting an individual's function. Observing either a PT or PTA is a necessary and essential part of learning about the physical therapy profession. The experience will give you a better understanding of the commitment needed to be successful during your education in the physical therapist assistant program and ultimately in the profession.

Great Falls College MSU's Physical Therapist Assistant Program has a limited enrollment capacity. **Twenty (20) new students are enrolled in the fall of each year.** The small size is advantageous to our students, allowing more individualized attention and a greater amount of hands-on experience. Of course, with all the advantages there are disadvantages. Limited enrollment lends itself to a competitive student selection process. It is important to review and understand our selection process when exploring this area of study.

Information about the profession, the program itself, and application materials for **Fall 2026** entry are enclosed. **Please read these materials carefully.** For additional information, answers to specific questions, a campus tour, or to set up an appointment, please contact Student Services at (406) 268-3700 or Brad Bechard PT, DPT, NCS Physical Therapist Assistant Program Director at (406) 771-5134. Information can also be found at www.gfcmsu.edu.

With increasing life expectancy and improved medical technology, access to physical therapy services is more important than ever. Making a commitment to becoming a physical therapy professional will not prove to be just a job, but a lifelong fulfilling career. I want to thank you for your interest in the Physical Therapist Assistant Program; hopefully the following information will enlighten you about our program and the profession.

Sincerely,

Brad Bechard, PT, DPT, NCS
Director, Physical Therapist Assistant Program

What is Physical Therapy?

Physical Therapy is the care and services provided by or under the direction and supervision of a physical therapist. More than 750,000 individuals are treated every day in the United States. The practice of physical therapy consists of diagnosing and managing movement dysfunction by enhancing physical and functional abilities. It consists of clinical applications that help to alleviate pain, prevent the onset or progression of limitations or disability, and prevent changes in health status that occur as a result of disease, disorders, conditions and injuries. Physical therapy interventions can also restore health, maintain overall wellness, improve fitness, and provide quality of life as it relates to movement and health.

Core Values of Professional Conduct in Physical Therapy:

- Accountability
- Altruism
- Collaboration
- Compassion/Caring
- Duty
- Excellence
- Inclusion
- Integrity
- Social Responsibility

**Must submit electronic
DocuSign form to apply.**

Who is the Physical Therapist Assistant?

Physical therapist assistants (PTAs) provide physical therapy services under the direction and supervision of a physical therapist. PTAs help people of all ages who have medical problems, or other health-related conditions that limit their ability to move and perform functional activities in their daily lives. PTAs work in a variety of settings including hospitals, private practices, outpatient clinics, home health, nursing homes, schools, sports facilities, and more. PTAs must complete a 2-year associate of applied science degree and are licensed, certified, or registered in most states. Care provided by a PTA may include teaching patients/clients exercise for mobility, strength and coordination, training for activities such as walking with crutches, canes, or walkers, massage, and the use of physical agents and electrotherapy such as ultrasound and electrical stimulation.

The PTA contributes to society and the PT profession through the provision of physical therapy services, teaching, and administration.

Physical Therapist Assistant Program Goals:

Student Goals (Student Learning Outcomes):

1. The student will demonstrate an entry level skill set of interventions utilizing critical thinking, ethics, safety skills, and knowledge of red flags for the provision of services under the direction and supervision of a licensed physical therapist.
2. The student will construct effective communication and documentation between colleagues, patients, interdisciplinary team, and various other stakeholders regarding provision of physical therapy services.
3. The student will effectively implement best practice outcome measures under the direction and supervision of a licensed physical therapist.
4. The student will effectively educate the implementation of preventative and evidence-based practice as it relates to their clinical decision making.
5. The student will demonstrate commitment to the profession by serving the needs of their patients and

community through participation in service-related activities.

6. The student will practice ethical billing, quality assurance standards, and scheduling of patients in the provision of services under the direction and supervision of a licensed physical therapist.

Faculty Goals:

1. Program faculty will demonstrate life-long learning through the pursuit of continuing education related to the profession of physical therapy and area of teaching responsibility.
2. Program faculty will continually develop updated course materials to provide students a contemporary education via evidence-based practice.
3. The program faculty will demonstrate commitment to the profession through service-learning activities within the community.

PTA Program Goals:

1. The program will continue to demonstrate quality education and rigor while meeting the needs of the community.
2. The program will contribute to the needs of the community through the student association and its pursuit of volunteering and fundraising.
3. The program will promote life-long learning to reflect contemporary practice and advocate physical therapy via the APTA to best meet the needs of the profession and society.

Mission and Philosophy of the Physical Therapist Assistant Program:

Mission

The Great Falls College MSU PTA Program: Developing Quality Skills with Unwavering Ethics

Philosophy

All students, regardless of race, creed, color, age, or gender, have a right to an education that stimulates their curiosity and challenges their intellect. The faculty of the PTA program is committed to student success, and pursuit of excellence within the educational environment. Students will be encouraged to embrace the concept that learning is a lifetime experience, as well as a critical component of their continued professional development in the field of health care delivery.

History of PTA Program at Great Falls College MSU:

From 1996 - 2003, Great Falls College MSU offered the only Physical Therapist Assistant postsecondary education program in Montana graduating six classes. From 2003 to 2007, the PTA program was in a state of moratorium. Due to high demand in Montana for the physical therapist assistant in the workforce, the program was reactivated.

Following an on-site visit in October of 2018, the Physical Therapist Assistant (PTA) Program at Great Falls College MSU has earned accreditation from the Commission on Accreditation in Physical Therapy Education (CAPTE) of the American Physical Therapy Association (APTA) from April 30, 2019 through June 30, 2029.

DocuSign form to apply.**

Program Cost:

Costs are subject to change. The information below is based on the 2025-26 academic year. Costs are estimates only. Costs include listed specific prerequisite courses and requirements after formal acceptance into the PTA Program. It DOES NOT include costs associated with any repetition of courses, or any courses needed to build-up skills in Math and English so the student can take the required courses in these two subjects. Appropriate attire, transportation costs, room and board, relocation costs to Great Falls for class work and other locations for clinical experiences including room and board, immunizations, and costs associated with the national board exam are not included in the below costs. There may be other costs not included in this list.

Tuition (in-state) and Fees	\$10,360.00
Application Fee	30.00
Lab/Course Fees	500
Program Fees	300
Book / Supplies	2414.00
TOTAL	\$13,604.00

Information on student scholarships and financial aid is provided by the Office of Financial Aid: (406) 406-771-4334 or <https://gfcmsu.edu/home/financial-aid/>

Please refer to the College catalog for complete information available online at <http://catalog.gfcmsu.edu/academic-programs/physical-therapist-assistant/>

PTA Program Requirements Prior to Admission:

Prior to being considered for admissions into the program the applicants must:

- Be admitted to GFC MSU and in good academic standing. Application information may be obtained by visiting campus, calling Admissions at (406) 268-3700 or online at <https://gfcmsu.edu/home/admissions/>
- Complete 40 hours or more of observation with a licensed physical therapist or physical therapist assistant. Please note that higher point values for admission to the PTA Program are awarded at 10-hour intervals. Refer to section "Observation Hours" in this packet.
- **Earn a grade of "C" (not a "C-") or higher in all prerequisite courses.**
- Computer literacy and keyboarding are assumed.

Additional Steps for PTA Program Application:

- A representative from the Registrar's Office will be involved in verifying grades, reviewing transcripts, and compiling the scoring process for this program.
- Submit official college transcripts, to the Registrar. **(Please ensure all official transcripts**

which are required to prove completion of prerequisite courses have been submitted to the Registrar's Office.) If completing spring or summer courses, final transcripts will need to be sent. You are NOT required to send transcripts from Great Falls College.

- Send official transcripts to:

Office of the Registrar
Great Falls College MSU
2100 16th Avenue South
Great Falls, MT 59405

INFORMATIONAL ONLY

**Must submit electronic
DocuSign form to apply.**

- Only students in Good Academic Standing will be eligible for program acceptance.
- Course work will be evaluated as follows: **Anatomy/Physiology courses need to have a lab component and to be taken within 5 years of application to the program and all other general education courses (including chemistry) need to be taken within 15 years of application to the program.** The PTA Program director at their discretion may accept courses that are older than the 5 years for Anatomy/Physiology courses and/or older than the 15 years for general education prerequisite courses. Exceptions to age limits above may be accepted for students who have earned a degree and are using/utilizing the course as part of their profession/career. Students may be asked to take a placement test to determine if their math and English skills are at the appropriate level for the program.
- Students who have taken courses multiple times, the most recent verifiable grade will be used.
- For students who have taken a higher-level course than the prerequisite course requirement, he/she may utilize the grade for that course for admissions purposes if the grade is higher than that of the required course.
- Points and GPAs will be calculated by the Registrar's Office and grade points will be calculated using the current catalog criteria which includes +/- weighing. **See page 11 for grade breakdown.**
- For students who have been awarded credit for successful performance in subject examinations of the CLEP or DSST programs, the credits will be accepted by GFC MSU, however there is no grade for calculation for scoring or GPA. In this situation, the total points will convert to percentages for ranking. *(The program may accept Pass/Fail classes upon the program director's approval.)*
- For students who have been awarded credit for successful performance in subject examinations of the AP program, the credits will be accepted by GFC MSU for scores of 3, 4 or 5, however there is no grade for calculation for scoring or GPA. In this situation, the total points will convert to percentages for ranking. *(The program may accept Pass/Fail classes upon the program director's approval.)*
- For students who have been awarded credit for Prior Learning Assessment, the credits will be accepted by GFC MSU for Passing (P) grades, however there is no grade for calculation for scoring or GPA. In this situation, the total points will convert to percentages for ranking. *(The program may accept Pass/Fail classes upon the program director's approval.)*
- For students who have additional educational attainment, the Registrar's Office will verify degrees awarded from official transcripts.
- Admission will constitute the top 20 completed applicants with the highest percentage of total points earned.
- In case of a tie, this is the tie breaking criteria
 1. Highest subtotal GPA within Anatomy and Physiology classes
 2. Highest prerequisite GPA
 3. Highest total observation hours recorded

Equal Opportunity Policy, Non-Discrimination and Harassment Policy:

The Montana State University campuses are committed to a learning and working environment that emphasizes the dignity and worth of every member of its community that is free from discrimination, harassment, and retaliation based upon race, color, religion, national origin, creed, service in the uniformed services (as defined in state and federal law), veteran status, sex, gender, age, political ideas, marital or family status, pregnancy, physical or mental disability, genetic information, gender identity, gender expression, or sexual orientation (taken together, generally, “protected-class harm”). An inclusive environment is necessary to a healthy and productive college community. The college will take appropriate action to prevent, resolve, and remediate protected-class harm.

Great Falls College Montana State University prohibits and will not tolerate discrimination, harassment, sexual misconduct, dating violence, domestic violence, stalking, or retaliation on its premises, within any of its programs, services or other College-sponsored activities, or by anyone acting as an agent of the College. Great Falls College Montana State University is committed to providing and ensuring a safe, positive learning environment that is free from harassment.

In order to maintain consistency across the Montana State University affiliation, Great Falls College MSU follows a four-campus policy in regards to discrimination, harassment and retaliation. The policy and references can be found here: https://www.gfcmsu.edu/wp-content/uploads/2025/10/301_1.pdf

The College’s Equal Opportunity Officers are as follows:

- For students, the Executive Director of Student Services, 2100 16th Avenue South, Great Falls, MT 59405. Telephone: 406-771-5123
- For employees, the Human Resources Manager, 2100 16th Avenue South, Great Falls, MT 59405. Telephone: 406-268-3701

TOTAL PROGRAM CREDITS – 75~

* Indicates prerequisites needed

** Indicates placement in course(s) is determined by placement test

~Many students need preliminary math, English and biology courses before enrolling in the program requirements.

Observation Hours:

Students are required to complete a minimum of 40 observation hours. Observation must occur with a licensed physical therapist or physical therapist assistant. This observation should be completed **in at least two or more different practice settings. At least 10 hours need to be in an acute, rehab, or sub-acute environment.** Please contact the program director if you have questions. Suggestions to help you to meet this requirement:

- Request a list of clinical sites from the PTA Program Director if needed. Most facilities are willing to allow prospective physical therapist assistant students to observe their physical therapy practice. Any facilities can be contacted and asked if they would be willing to allow you to observe.
- Select several sites and telephone them early in the day- between 8:00 and 8:30 am. This is

usually the best time to speak with them. Have your calendar available with possible dates and times that will work for your schedule. Please remember, you will need to be flexible and accommodate their schedules. DO NOT automatically expect to observe the day you contact them.

- **When you visit the site, dress business casual (no jeans).** Wear comfortable shoes with no open toe, no or minimal fragrances, and minimal jewelry. Remember, you are in a professional environment!
- Send your healthcare professional the electronic **Observation Form using the link found on the Great Falls College PTA website program page** with the upper portion completed. When you have completed your hours at that site, the professional you're observing will need to electronically fill out and sign a portion of this form. **The completed form will be routed to the program for review.**
- Remember, as you are observing, they are also observing you!
- We suggest that during or shortly after you have completed each observation that you take the time to jot down your impressions of the experience. This may include your thoughts, diagnosis observed, what was good or bad, etc.
- DO NOT WAIT to obtain observation hours. Practicing Physical Therapists and Physical Therapist Assistants are busy people, so fit in the observation time when you can and early.
- Finally, you may want to send out a thank you note to the healthcare professional for taking time out of their schedule to assist with your educational experience.

INFORMATIONAL ONLY
Must submit electronic
DocuSign form to apply.

Optional Experiences to Earn Additional Points:

- Additional points may be earned through employment within a healthcare field that involves direct patient contact or billing/coding services.
- Additional points may be earned through employment or volunteer in a fitness environment as a trainer working with clients on various exercise programs or instructor, including such experiences in coaching.
- Send your healthcare professional the electronic **Employment/Volunteer Form using the link found on the Great Falls College PTA website program page** with the upper portion completed. When you have completed your hours at that site, the professional you're observing will need to electronically fill out and sign a portion of this form. **The completed form will be routed to the program for review.**
- Contact the PTA Program Director for any questions regarding these experiences.

Enrollment in the Physical Therapist Assistant Program:

The formal portion of the Physical Therapist Assistant (PTA) program begins fall semester with a limited enrollment of 20 students. There are 30 credits of prerequisite courses which may take one year or longer to complete. All prerequisite coursework must be completed with a grade of "C" (not C-) or higher. The student must apply for acceptance into the formal portion of the PTA program and be accepted. The formal portion of the PTA program is challenging and consists of fall, spring, and summer semesters; taking one full year. This time includes built-in clinical experiences, which may or may NOT be in the Great Falls area. Upon completion of the PTA program, the graduate is prepared to take the national board examination for physical therapist assistants provided by the Federation of State Boards of Physical Therapy and must receive a passing score in order to become a licensed PTA. Licensure is required to practice as a physical therapist assistant in Montana and is overseen by the State of Montana Board of Physical Therapy Examiners.

Helpful Phone Numbers:

- Financial Aid: (406) 771-4334
- Physical Therapist Assistant Program Director – Brad Bechard, PT, DPT, NCS: (406) 771-5134
- Registrar - Dena Wagner -Fossen: (406) 771-4312

INFORMATIONAL ONLY

**Must submit electronic
DocuSign form to apply.**

Transferability of Courses:

It is essential that you speak with the PTA Program Director if you have questions about transferability of courses from other institutions. The best way to assure that your courses transfer and that you have all the prerequisites for the PTA program is to apply to the College (general admission process) and then to have your official transcripts evaluated by the Registrar's Office. Only the courses that apply toward the degree and have met the criteria will be accepted.

Coursework taken at other educational institutions may be designated as equivalent courses for Great Falls College MSU. For a current listing of approved equivalent courses, visit the Transfer Guide under Student Information at: https://apexprod.msu.montana.edu/apex/r/esg/s_transfer_eq_gf/home?session=16866600483292

All transfer work must be from an [appropriately-accredited](#) institution.

If you have additional questions about transferability of courses, send a written request for evaluation of your prior transcript to the Registrar at Great Falls College MSU. Please include appropriate course descriptions and official transcripts from former colleges with your request for evaluation. Send to:

Registrar's Office
Great Falls College MSU
2100 16th Ave. South
Great Falls, MT 59405
(406) 771-5128

Requirements following acceptance to the PTA Program:

- All accepted PTA students must attend the PTA Program Orientation. This mandatory orientation is held in August prior to classes starting. Information about the PTA program will be provided and reviewed at this time. If accepted into the formal portion of the PTA program, you will be informed of the date and specifics of this orientation.
- All accepted students will complete the required immunizations to their Program Director **after acceptance** into their program.
- All Great Falls College students enrolled for six (6) or more credits are required to have health insurance. For students without coverage, Great Falls College offers a program developed especially for students by Blue Cross/Blue Shield of Montana. This plan provides coverage for injuries and illnesses on or off campus. Please visit <https://gfmsu.edu/home/current-students/studentengagement/wellness/student-insurance/> for more information.
- **Hepatitis B series** inoculation (HBV) is required. This can be obtained for a fee at the City-County Health Department, 115 4th Street South, Great Falls, MT, (406) 454-6950. If for some reason you elect not to have this three-shot series, a signed Declination form will be kept in your file. This form is available from the PTA program director.
Clinical/practicum/internship sites may require other documentation/proof of vaccination besides those required by the college or this program.

- You must be **Health Care Provider CPR certified** and retain this certification throughout your collegiate career as a PTA student, and then as a PTA. CPR/First Aid classes are provided each semester at the College or can be obtained elsewhere. The CPR Certification must be current during any clinical affiliation experience (scheduled toward the end of the fall semester).
- **Health Sciences Division Policy: Student Background Checks and Drug Screening**
To promote patient safety and decrease institutional liability, most clinical agencies require students to have cleared a background check and/or drug screening before they will permit the students in the clinical setting. To meet these requirements, the College requires that the check/screening be done prior to placement in any clinical agency. Background checks/drug screenings are done at the student's expense. Students with background checks that reveal a finding will be evaluated individually to determine whether they will be eligible for clinical placement and state licensure for their respective degree program. There is a zero tolerance for positive findings regarding the drug test resulting in non-admittance or dismissal from the program (please see PTA program student handbook). Students are encouraged to go through [Verifiedcredentials.com](https://www.verifymycredentials.com) for their background and drug screenings yet may go through other vendors upon the approval from the program director.
- **Copies of your required immunizations, CPR card, background check, and drug screen are all due by approximately September 30, 2026. It is encouraged to start on these as soon as possible once admitted into the program.**

Technical Standards for the Physical Therapist Assistant:

Students will be required to perform certain physical, intellectual, and conceptual tasks required (see page 15) in the classroom, during lab activities, and at clinical sites. A student must have the ability to perform these tasks with reasonable accommodation as outlined by the Americans with Disabilities Act. Students with disabilities must meet or exceed academic standards with or without reasonable accommodations.

Statement about Disability Services

The Americans with Disabilities Act (ADA) is a federal anti-discrimination statute that provides comprehensive civil rights protection for persons with disabilities. Among other things, this legislation requires that all students with disabilities be guaranteed a learning environment that provides for reasonable accommodation of their disabilities. Instructors must receive an official letter from the Director of Academic Success and Accessibility in order to provide accommodations. If you believe you have a disability requiring an accommodation, please contact the Director of Academic Success and Accessibility or call 406-771-4311 to schedule an appointment. <https://gfemsu.edu/home/current-students/asa/>

PTA Program Selection Criteria:

The Physical Therapist Assistant Program Selection Committee reviews application packets and uses established admissions criteria to rank applicants for admission. The Application Evaluation form (*page 14*) used by the committee is enclosed. Criteria for selection emphasizes academic performance in prerequisite course work, observations hours and previous work/volunteer experiences. They will utilize the following point scale, for a maximum of 104 points. The applicants with the top 20 percentage point totals demonstrated within the completed applications will be accepted for admission.

INFORMATIONAL ONLY

**Must submit electronic
DocuSign form to apply.**

Grade Point Average (GPA) will be calculated (see Application Evaluation form) to determine total points for each prerequisite course. Please remember that plus and minus will affect the GPA utilized as per the College catalog. **Plus or minus is equivalent to the following:**

(A)	=	4	(B)	=	3.0
(A-)	=	3.7	(B-)	=	2.7
(B+)	=	3.3	(C+)	=	2.3
			(C)	=	2

INFORMATIONAL ONLY
Must submit electronic
DocuSign form to apply.

Submission Instructions:

- Completed program application packets are accepted on an ongoing basis but must be submitted by the deadline.
- **Application packets are due on or before the priority application date of May 30, 2026.**
- Application will **ONLY** be received via a completed **DocuSign application packet using the link found on the Great Falls College PTA website program page.**
 - Once submitted electronically via DocuSign, a copy will be sent to the following:
 - PTA Admissions Committee, Great Falls College MSU
- Items sent separately and at random are easily lost or misfiled. We are not responsible for any late, lost or misfiled information. Please only send required documentation as other supplemental items will be discarded.
- It is the applicant's responsibility to ensure that all requirements are met by the established deadline. Deadlines, guidelines, and policies apply equally to all students; thus, there can be no exceptions.
- Late applications may be considered if there are not enough qualified applicants to fill the spots available and lab/clinical sites are already established.
- Submission of false material in this Application Packet will be grounds for non-admission or, if discovered after admission, grounds for expulsion.
- Applications with requirements not met at the time of the application deadline may be provisionally admitted pending fulfillment of ALL requirements.
- If a full class of 20 PTA students cannot be initially attained, then incomplete or late applications may be looked at for possible admission.
- Applications with requirements not met at the time of the application deadline may be provisionally admitted pending fulfillment of ALL requirements.
- Great Falls College MSU's PTA Program does not maintain a waiting list. Applicants must reapply each year.

Notification of Acceptance:

- All applicants to the PTA program will be notified of their accepted/not accepted status via email following the selection process, by June 27, 2026.
- If accepted, a 'letter of intent' will be attached and will need to be returned by the specified date.

✓	Item
	Completed Admissions File. A completed admissions file includes a completed application, copies of high school/GED/HiSET transcripts or diplomas, immunizations, and completion of placement testing or submit official college transcript(s) verifying placement. Complete admissions file will be verified by the Registrar’s Office and applicants with incomplete files will not be admitted to the program. Students are encouraged to check with the Admissions Office to confirm that their admissions file is complete.
	In Good Academic Standing All students must be in good academic standing which means they are not on academic probation/warning OR academic probation/warning continued, OR academic suspension. Good academic standing will be verified by the Registrar and any applicants who are not in good academic standing will not be admitted to the program. Students are encouraged to check with the Registrar’s or Admissions Office to confirm that they are in good academic standing.
	Official Transcripts for completed post-secondary coursework, for prerequisites completed at another institution (send official transcripts to Registrar – <i>DO NOT</i> submit with this application).
	Completed all prerequisites with a C (not C-) or higher.
	I understand I must complete 40 or more hours of observation with a licensed PT or PTA providing proof of observation on “Observation Form for the Pre-physical Therapist Assistant”. Observation hours must be in at least 2 different TYPES of settings (including 10 hours of at rehab, or sub-acute settings). Observation hours to be completed by May 30, 2026. I will contact Michael Hansell or Brad Bechard if unable to complete by the deadline.
	OPTIONAL: Verification of employment in a healthcare field, and/or employment/volunteer in a fitness environment
	Read and submit this completed PTA Application Packet Cover and Check-off Sheet, Application Evaluation Sheet, Technical Standards of the PTA, and sign/check off Campus Option forms.

Total (104):

Technical Standards for the Physical Therapist Assistant Program

<i>Technical Standards</i>
<i>Demonstrate safe transferring and gait training of patients of various sizes from a variety of surfaces.</i>
<i>Effectively set up and use</i> assistive devices such as wheelchairs, canes, and walkers.
<i>Demonstrate safe</i> positioning patients, and positioning of equipment.
<i>Effectively perform</i> palpation skills and take measurements of various patients in a culturally sensitive manner.
<i>Effectively</i> perform chart reviews and continuous assessment of the patient's status.
<i>Effectively</i> communicate with patients, families, caregivers, coworkers, and healthcare providers regarding instruction, questions, and or requests in a culturally sensitive manner.
<i>Effectively take and record</i> doctors' orders, patient histories, and subjective/objective findings.
<i>Demonstrate</i> appropriate time management regarding treatment and documentation.
<i>Provide</i> effective and safe treatment interventions within the established plan of care as set by the physical therapist with emphasis on critical thinking skills.
<i>Perform</i> safely, effectively, and calmly under stressful situations.
<i>Maintain</i> composure while managing multiple tasks simultaneously.
<i>Effectively</i> prioritize multiple tasks.
<i>Display</i> respect, professionalism, politeness, discretion/confidentially, teamwork, legal, and ethical standards of the profession of physical therapy.
<i>Consistently adhere to standard precautions for infection control.</i>

I understand that I will be expected to demonstrate competency in the technical standards stated above in order to successfully complete my program.

Choose one of two attendance options depending on your learning preference and life needs.

Option 1: The On-campus lectures/labs are face-to-face Monday through Friday for 12 weeks in the fall and 12 weeks in the spring at Great Falls College. Clinicals can take place at nearly any location. **Max capacity is 20 students at this location.**

OR

Option 2: The expansion program option through Gallatin College at the MSU campus offers greater accessibility for students who work or live in the Bozeman area. Students are **required** to be on the MSU campus for lectures and lab. Lecture will take place synchronously via live video such as Web Ex Monday through Wednesdays. Lab will be hands-on with an instructor physically present two days a week (**Thursdays and Fridays**) for 12 weeks in the fall and 12 weeks in the spring. Clinicals can take place at nearly any location. **Max capacity is 6 students at this location.**

Please check the box if you're able to attend lecture/lab at the Great Falls location in the event max capacity is reached at Bozeman as a second option.

Note: Total capacity between both sites cannot exceed 20 students. If the Gallatin College site does not have at least 2 students successfully admitted into the PTA program, we will not run the program at that distance location however you can remain in the program, but you must travel to a Great Falls College campus and join their lab class on Thursdays and Fridays weekly. If we are unable to provide a lab instructor for the location you have chosen, you can remain in the program, but you must travel to the GFC campus weekly during lab sections. Travel and lodging costs will be at the student's own expense.

Option 2 may employ correspondence study, audio, video, or computer technologies. Through the distance education piece of this program, students are required to uphold the same rigor and time commitment that those located at the Great Falls College MSU campus. Lecture classes will be taught through live video such as WebEx and you must be in one of the designated classrooms to participate. Lab classes will be taught by an instructor at your location in a designated lab space.

If you have any questions or concerns regarding the program, please do not hesitate to contact us.

By signing this page, I confirm that I have read and understand the expectations as presented on this page of this packet:
