Review scores – discuss requests to be submitted to OCHE		Viewed the rankings from the results of the rubric scoring by all committee members. Agreed to move forward with the top five overall scored projects-- this would include all of the projects in the industry alignment and reducing student barriers categories of top rank projects.	Stacy will email everyone the list showing which ones were discussed as moving forward with OCHE. Stacy will check with Carmen about the option of more institutional commitment for the recurring positions.
Discuss backup projects to be submitted to OCHE, if needed		Did not rank the backup options, but the remaining projects would be possibilities as backups if any aren't approved by OCHE or if any approved projects don't spend their full allocated amount.	None.
